Prelude

Call to Worship:

For if we have been united with him in a death like his, we will certainly also be united with him in a resurrection like his. For we know that our old self was crucified with him so that the body ruled by sin might be done away with, that we should no longer be slaves to sin—because anyone who has died has been set free from sin. Now if we died with Christ, we believe that we will also live with him. For we know that since Christ was raised from the dead, he cannot die again; death no longer has mastery over him. The death he died, he died to sin once for all; but the life he lives, he lives to God. In the same way, count yourselves dead to sin but alive to God in Christ Jesus.

"PHASE 2" IS NO MORE! *Last Sunday, the name for the new facility was unveiled at the annual meeting of the congregation. "The Gathering Place" is the name selected by a vote of our members.*

"GATHERING PLACE" MILESTONE REACHED IN MAY!!! *We have now collected 50% of the total cost of the new building. We still owe quite a bit to the bank and our bond-holders, but we are halfway done. Praise God for His faithfulness as we continue this work together in faith.*

FELLOWSHIP CLASS: *The strawberry social at noon on Wednesday will be held in The Gathering Place instead of the narthex.*

ONE GREAT HOUR OF SHARING *Special offering envelopes are*

provided on the table in the rear of the sanctuary.

MANY, MANY THANKS to the 27 blood donors who supported the First Baptist Red Cross Bloodmobile this past week on Wednesday. Twenty-two productive units were collected which means that a total of sixty-six patients will have the necessary blood products available when they need them. Blood is something money can't buy. It's only something that one person can give to another.

"I was thirsty and you gave me something to drink..."

Matthew 25:35

You are here  **with the people of Cambodia**

Think of all of the ways that you have used water so far today. Did you take a shower this morning? Did you flush your toilet? Wash your hands? When you made breakfast, did you use water? How about when you cleaned up after the meal?

*Som Bee and her granddaughter now have access to clean water for cooking, drinking and gardening.

Now imagine walking each morning to gather water for your family, knowing the water you were collecting was unclean and could make the members of your family sick.

Then for several months a year, you wouldn't have access to water because it was the dry season and your water source had dried up. How would you get by? What parts of your daily routine would you have to abandon? How would you provide water for your family?

Unfortunately, this is a reality for many people around the world.

In a rural community in Cambodia, the only water available was from a shallow, hand-dug well. Each day during the rainy season, a grandmother named Som Bee would walk to the well to collect the water for her family. But the water from the well was unclean, sometimes leading to health problems, including diarrhea.

Thanks to your support, the community was able to address the unclean water problem by installing a ring well. The members of the community also received training on how to filter the water, keeping it clean for daily use.

Your support has reached 16 villages in central Cambodia with clean, safe water. You were here with Som and her neighbors as they gathered to build their well with your support. Now, you are with Som each time she leaves her home and only walks a matter of yards to the well. You are here when she waters her gardens and prepares nutritious meals. You are here as her granddaughter grows healthy and strong.

You are here. And the future is bright.
